

8th Grade Reading List

St. Teresa's School

2007-2008

Students should read at least five books of the books on the list, including the four with the asterisk. Others are suggested reading. The dates for each asterisk book will be given in August 2007 and we will study these books in depth. It is very important that the students have read these books. You may read other 8th grade level books recommended by the library or local bookstore.
